

Place the following in the correct order in the blanks on the next page

Polymer → Monomer → Function

Carbohydrates

Amino  
Acids

Protection,  
Insulation,  
Makes Cell  
Membranes

Nucleic  
Acids

Fatty  
Acids

Makes Body  
Parts,  
Controls cell  
processes

Protein

Sugars

Carries  
Information

Lipids  
(fats)

Nucleotides

Energy,  
Makes Plant  
cell walls

**Biomolecule  
(Polymer)**

**Monomer**

**Function**
